As on 23.06.2020 10:40 PM; Source: www.covid19india.org, www.worldometers.info, Health Dept. GoP.

Punjab was the **first State in the Country** to **impose a curfew**, even before the National Lockdown. Since then, the State Government has taken several measures to manage the pandemic and its implications.

Punjab has set up a **State COVID-19 Management Group** to review the situation and send their report to the Chief Minister. **13 Committees** have been set up to report to the group:

1	Health Sector Response and Procurement Committee
2	Lockdown Instructions and Implementation Committee
3	Media and Communication Committee
4	Agriculture and Food Committee

5	Relief for Migrant Workers Committee
6	Goods Transport Committee
7	COVID Care Centre Committee
8	Committee on Augmenting Human Resources and Capacity Building
9	Committee on upgradation of Health Sector Infrastructure
10	Tele-Counselling Services Committee
11	Food Grain Procurement Management Committee
12	Expenditure Appraisal Committee
13	Data Analysis Group

SOME IMPORTANT DECISIONS

1. Punjab among the **first few states in India** to **approve Plasma treatment** for critical COVID-19 patients in hospitals. All major Medical Colleges of the state now part of the ICMR project. The first patient to get plasma treatment is now discharged from Medical College in Faridkot.

2. Government of Punjab constituted a **Task Force** for **Strategy on easing restrictions imposed due to Lockdown**

3. Government of Punjab constituted a **Group of Experts led by Sh. Montek Singh Ahluwalia** to develop a medium-term and longer-term **Post COVID Economic Strategy** for the State

4. Punjab Government has spent **more than ₹28 Cr** to fund movement of migrants to their states till now

5. On 12 June, Punjab has announced a **stricter lockdown on weekends and public holidays** to keep the COVID-19 count in check.

COVID-19 Public Health Strategy in Punjab

5 PILLARS

1. Political & Administrative Commitment
2. Preparedness
3. Surveillance (Trace-Test-Treat Principle)
4. Capacity Building
5. Intersectoral Coordination

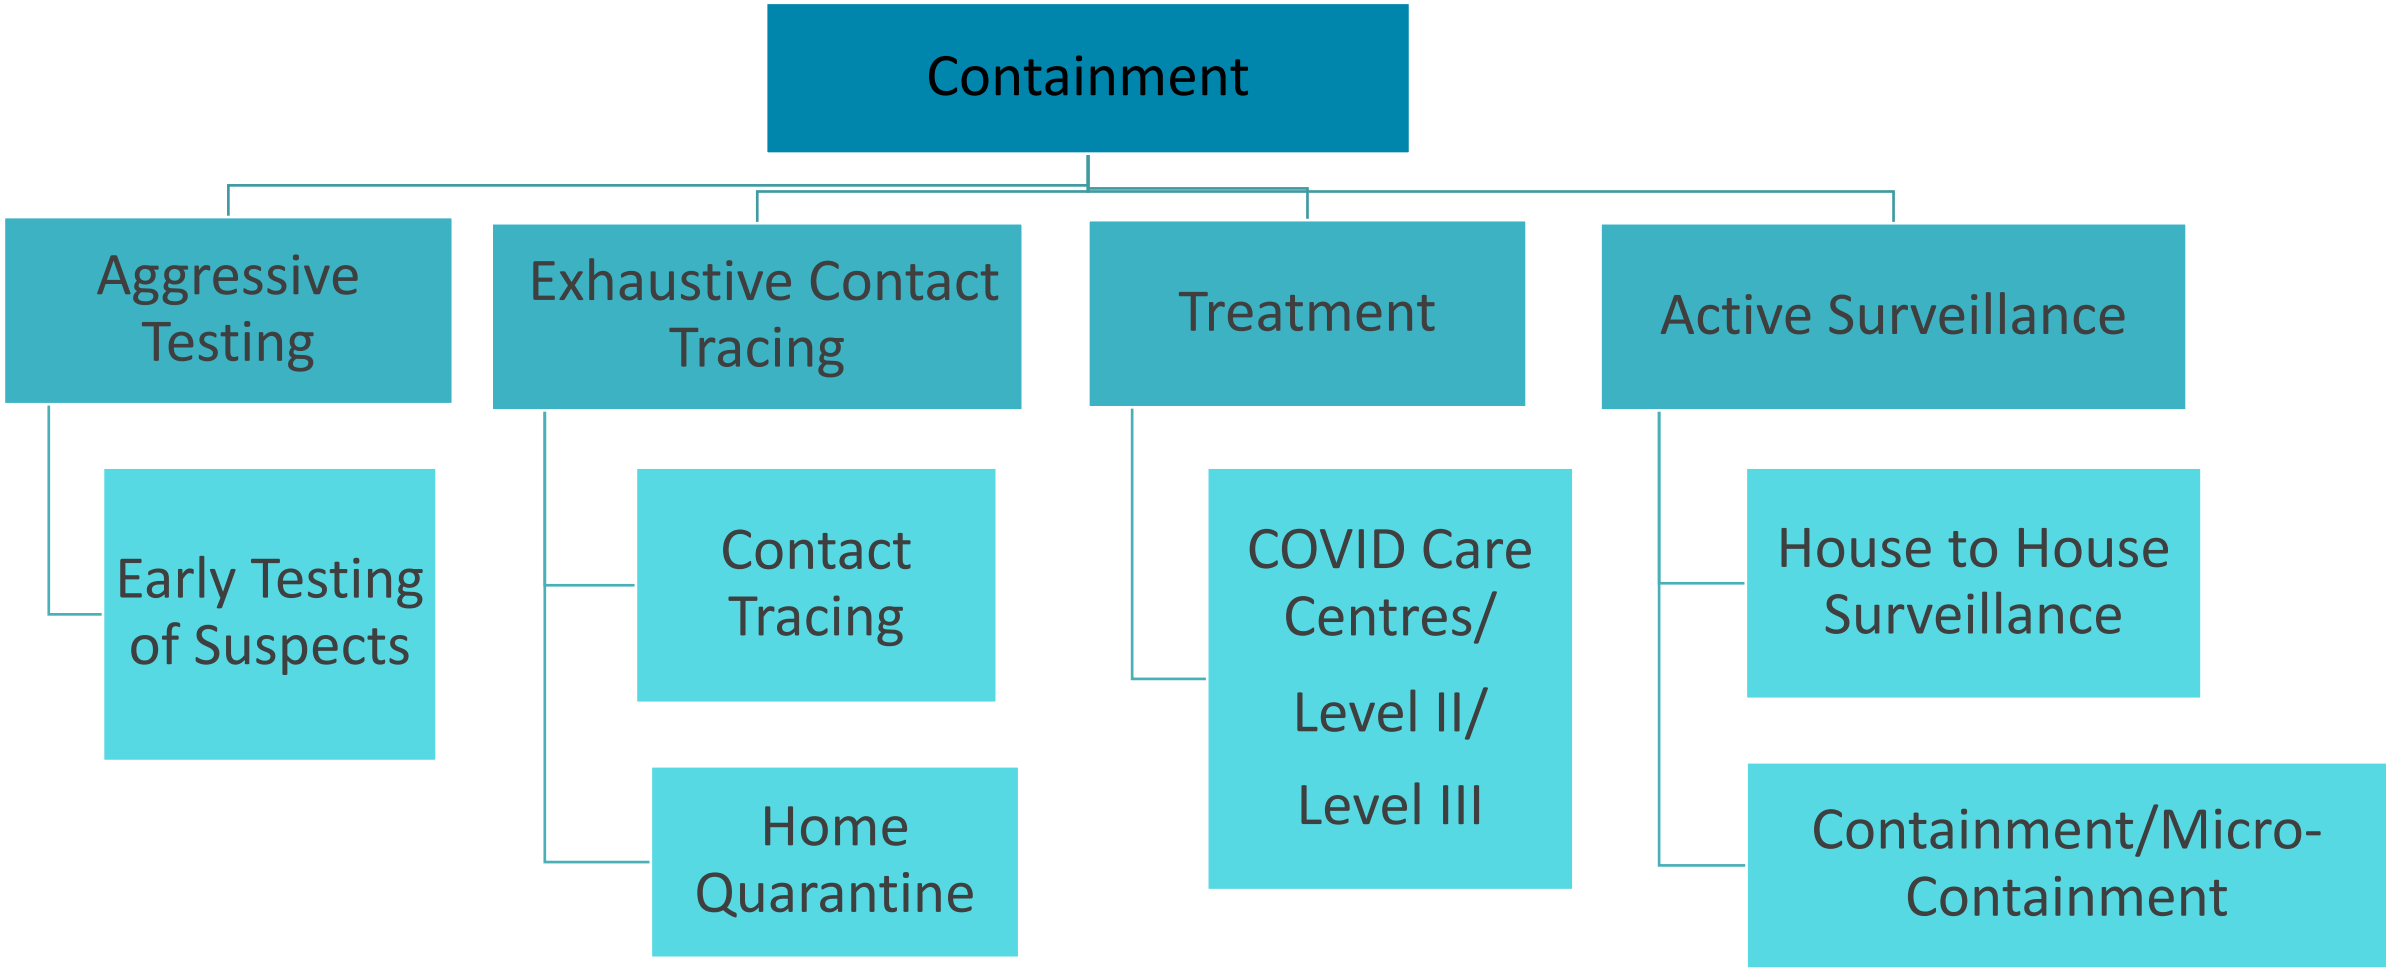
REGULAR SURVEILLANCE FOR EARLY DETECTION

1. Surveillance of ILI (Influenza Like Illness)
2. Surveillance in Large Outbreaks
3. Surveillance in Cluster Areas

IEC ACTIVITIES

A State Public Health Advisory Group under the Chairpersonship of Dr K. K. Talwar constituted with the State Epidemiologist as the Convener.

Containment Strategy



MISSION FATEH

Mission Fateh is the effort of the people of Punjab to defeat the pandemic in the face of overwhelming odds. It is a Mission of the people, by the people and for the people.

During the 1-month long campaign, Punjab will create mass awareness about –

- **Wearing masks**
- **Washing hands**
- **Maintaining social distancing**
- **Taking care of the elderly**
- **Remaining vigilant about entry of outsiders in the locality**
- **Use of COVA App to track patients of the virus and maintaining a safe distance from them**
- **Importance of Home Quarantine**
- **Symptoms of the flu and action thereafter**
- **Restrictions during Lockdown 5.0 and penalties/fines in case of violations**
- **Community mobilization to jointly fight against the pandemic**
- **Emphasizing that the threat of the virus has not diminished, rather it has become more menacing**

Committees

For the success of the Mission, the following committees shall be constituted - Campaign Committee, Implementation Committee, and District Level Implementation Committee.

Activities

As part of the communication campaign, the following methods/platforms will be used such as Hoardings, Campaign Song, IVRS and SMS, Radio, CORONA Warriors, Mission Fateh Warriors, COVA App, TV and Newspapers, and Ground Activities with the help of Sarpanches, Teachers and ASHA/Anganwadi workers.

Success Indicators

The campaign is mainly dependent upon the response of the people some success indicators of the campaign after week 4 should be as under –

1. Increase in COVA App download by 20%
2. Identification of 1,00,000 CORONA Warriors and uploading of their data on the App.
3. Identification of 1,000 Mission Fateh warriors and their recognition on the App

Regular Surveillance

Punjab has initiated **surveillance for ILI (Influenza like illness)** in the community to identify any person having flu like symptoms at the earliest

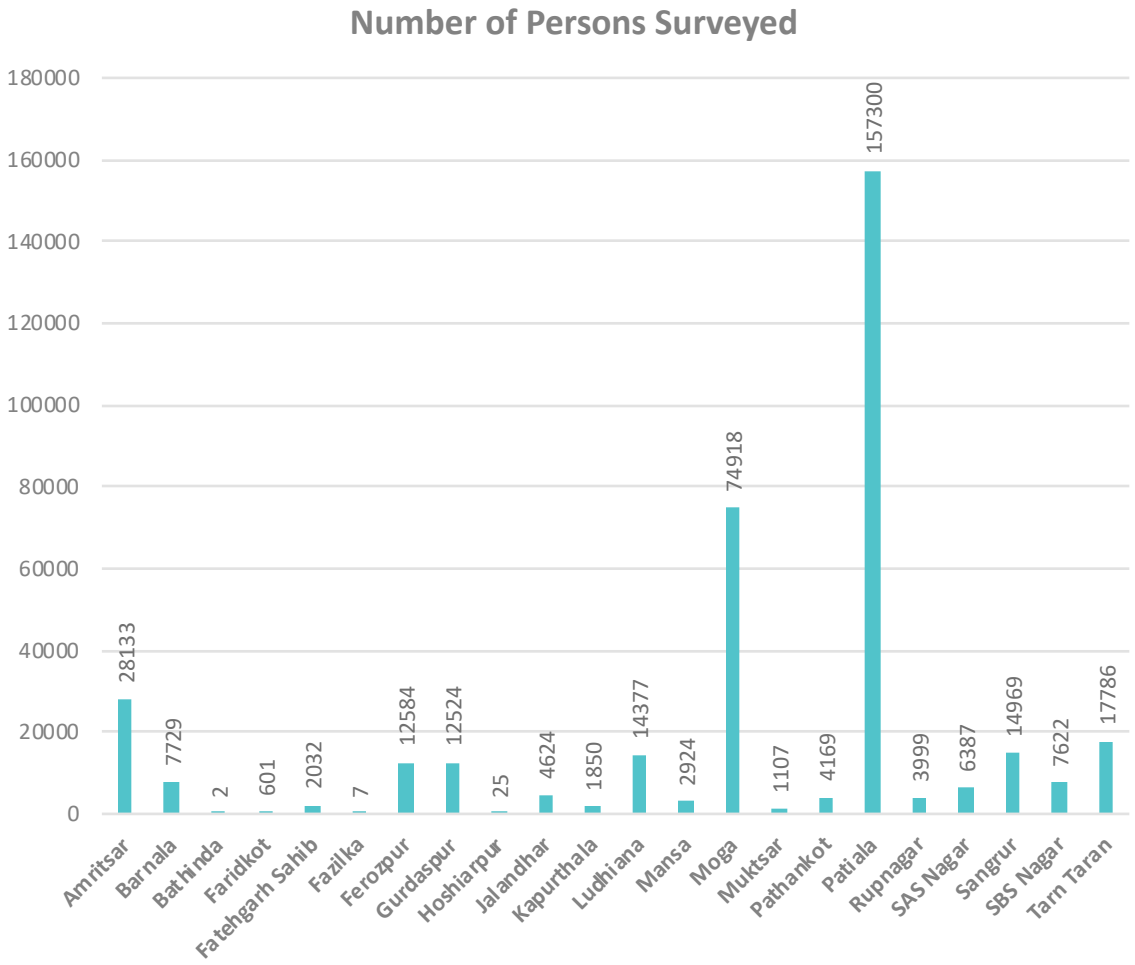
Regular Surveillance for early detection is supervised by **Rapid Response Teams (RRTs).** Tracking and screening of high suspect cases is being done

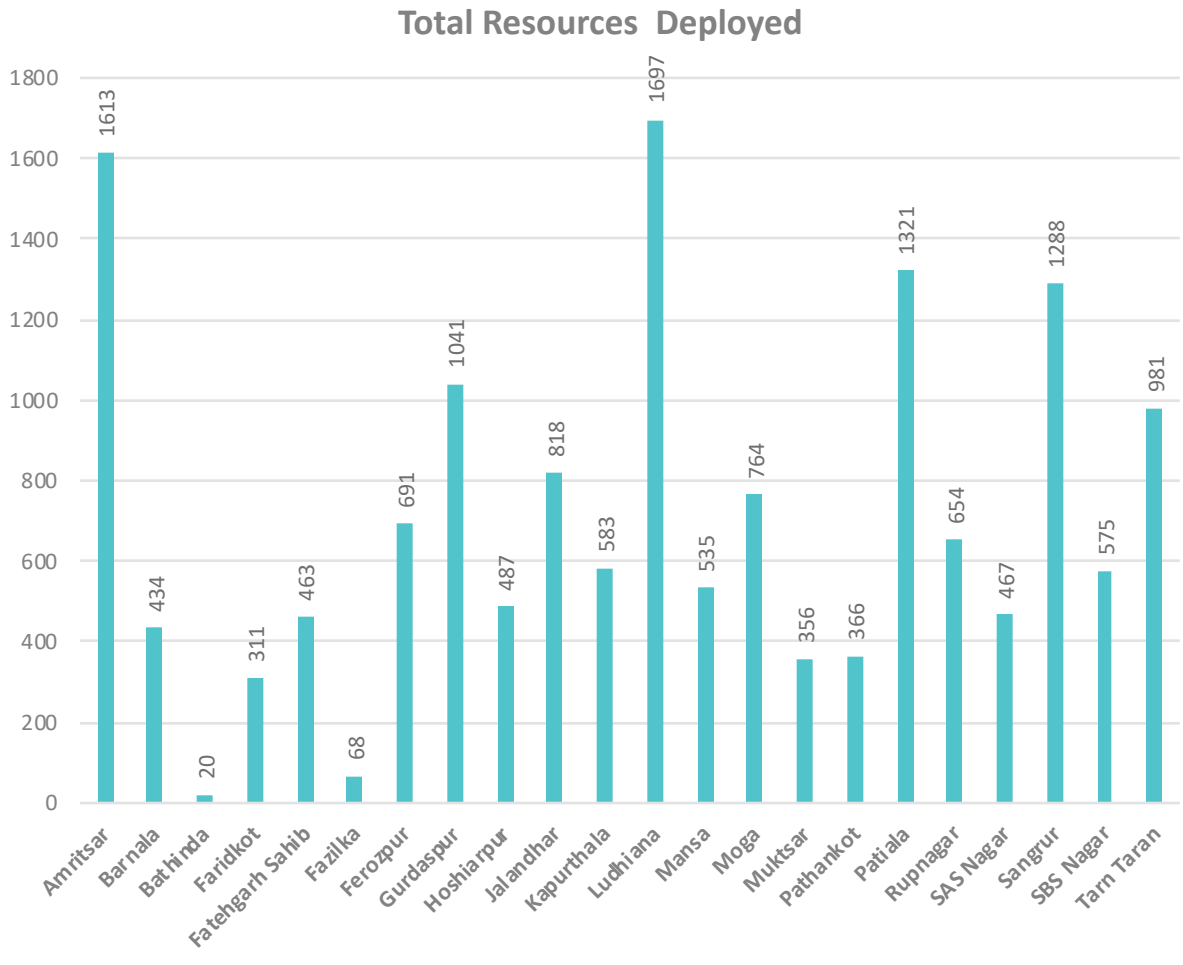
Approximately **1.49 lac persons in 57 high priority areas** which have shown clusters (2 or >2 & less than 15 cases) also screened by RRTs and samples of suspected cases are being taken.

Survey in Large Outbreak Areas: 7 areas in the State with >15 cases have been declared as large outbreak areas.

House to House Survey was launched by the CM on 11th June – ASHA, Anganwadi workers and volunteers to carry out data collection on a mobile app.

House to House Surveys





As on 19.06.2020

Micro Containment Zones

Any specific area within a ward/village with population up to 500 which has **5 to 15 COVID positive cases** is designated as a Micro Containment Zone

Minimum period of Micro Containment is **10 days.** This Period can be extended one week at a time if a new case is found in last 5 days.

District RRTs to undertake mapping of cases and contacts along with active surveillance by ASHA workers/Community Volunteers

Perimeter Control to ensure no unchecked outward movement of pupulation from micro-containment zones and to check influx of population into the zones

Currently, there are **19 Micro Containment Zones across 8 districts** (Mohali, Jalandhar, Amritsar, Patiala, Sangrur, Ludhiana, Ropar, Pathankot) in Punjab.

Testing Facilities – RT PCR

5 Government Facilities

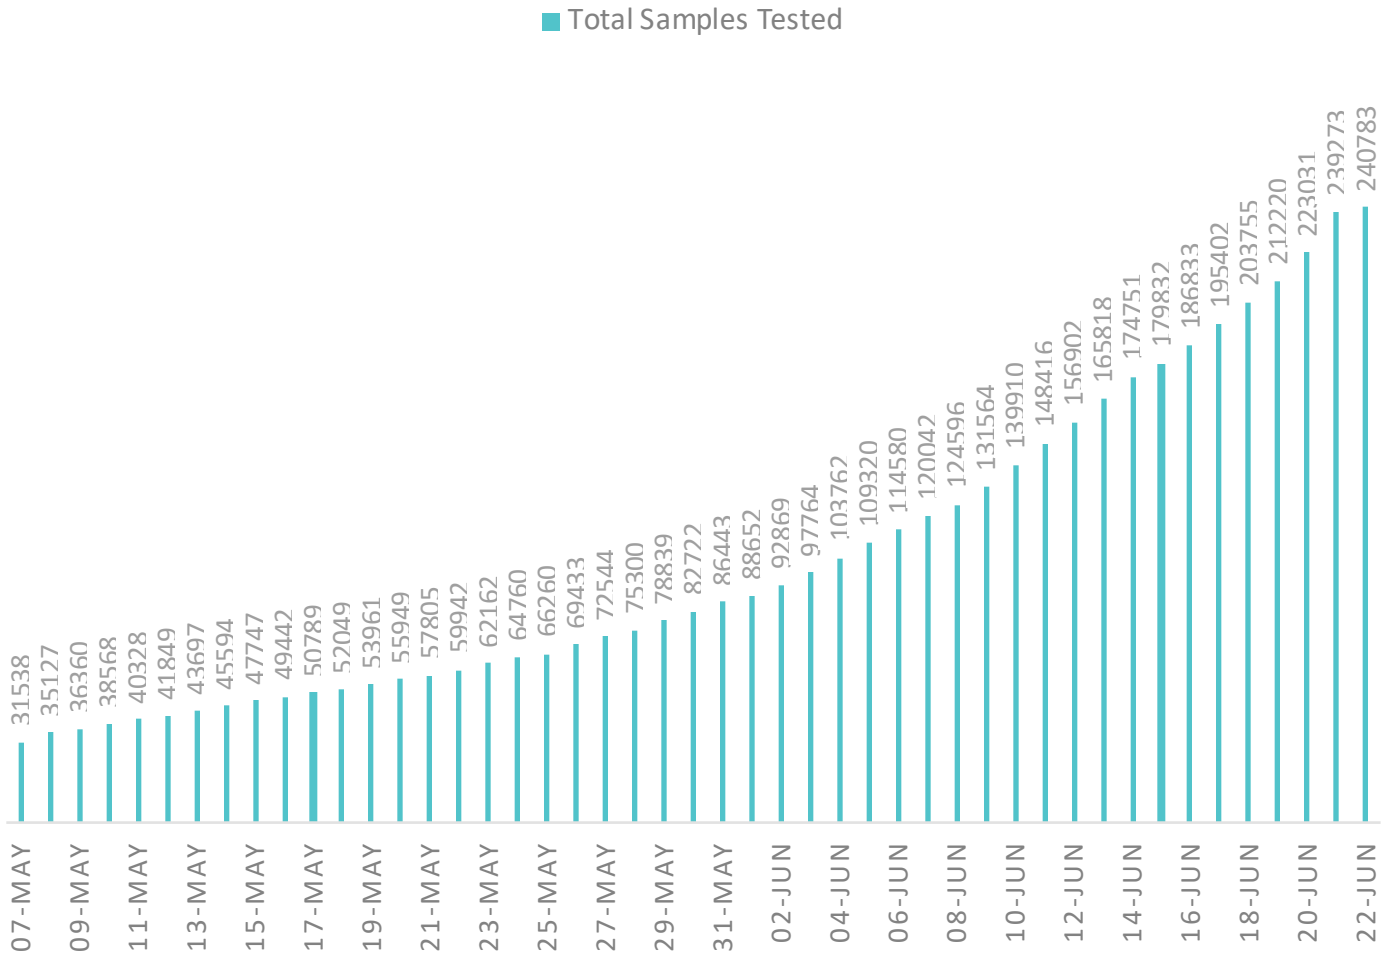
- GMC Amritsar (Capacity - 2000)
- GMC Patiala (Capacity - 2000)
- BFUHS Faridkot (Capacity - 2000)
- PGI Chandigarh (Capacity - 60)
- IMTech Chandigarh (Capacity - 100)

16 Private Facilities approved by ICMR for testing in Punjab.

As on 22.06.2020

GMC Amritsar and GMC Patiala got **approved in March 2020** for RT-PCR COVID19 testing with a **capacity of 40 tests/day**. The **current capacity of Punjab Govt. Facilities is 6000/day.**

From 4 tests per million population on March 16th to **8026 tests per million population on June 22nd** while the current **Indian average is 5160 tests per million population.**



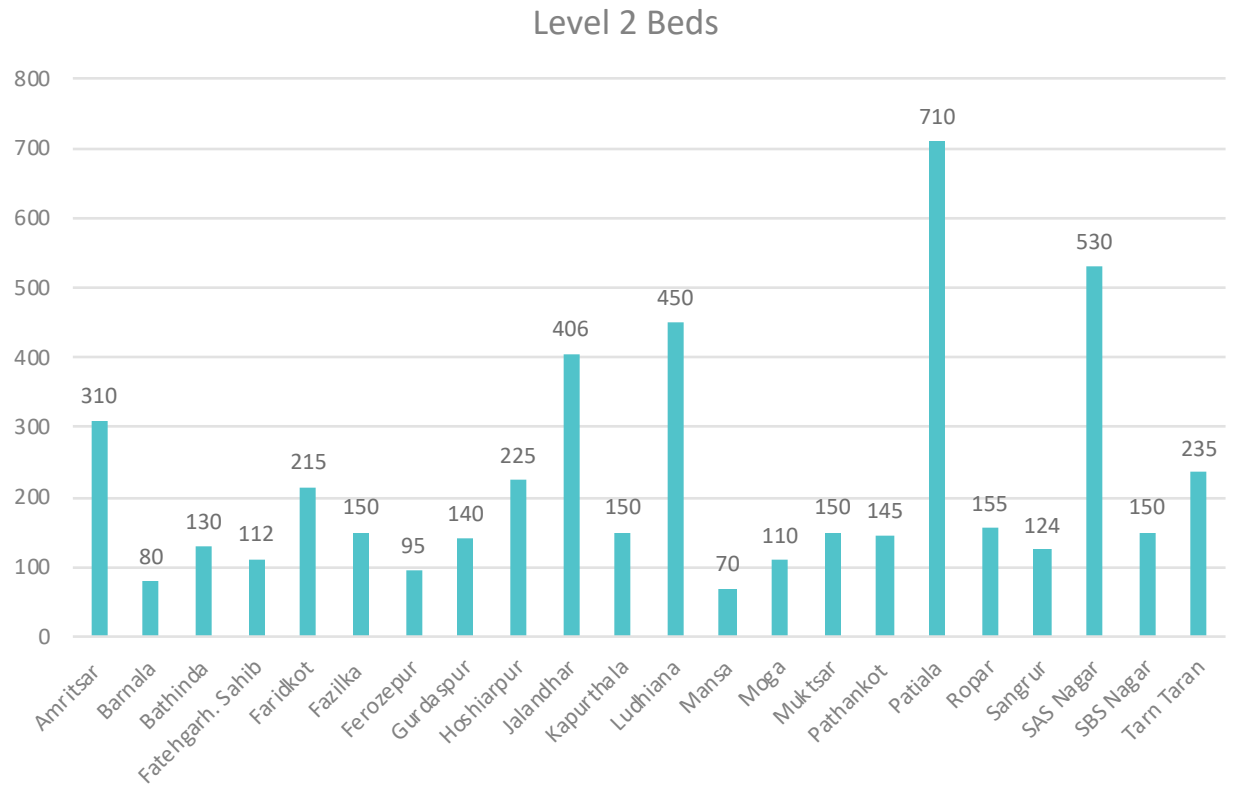
COVID-19 Treatment Facilities

LEVEL 1	LEVEL 2	LEVEL 3
COVID CARE CENTRES	**COVID HEALTH CENTRES**	**COVID HOSPITALS**
○ Asymptomatic or mildly symptomatic cases ○ **28,167 beds mapped** across districts. **13,018 beds in the state of readiness.** ○ **7020 beds operationalized.***	○ Mild to moderately symptomatic cases ○ **4842 beds** planned across **63 facilities**	○ Severely symptomatic and Critical Care patients ○ At present, there are **144 ICU beds with ventilators**

As per meeting held on 23.06.2020 on enhancing the number of operational beds in CCCs, held under the chairmanship of Mr Satish Chandra, IAS, ACS (Home)

COVID Health Centres

Level-II are hospital beds with oxygen supply.



As on 25.06.2020

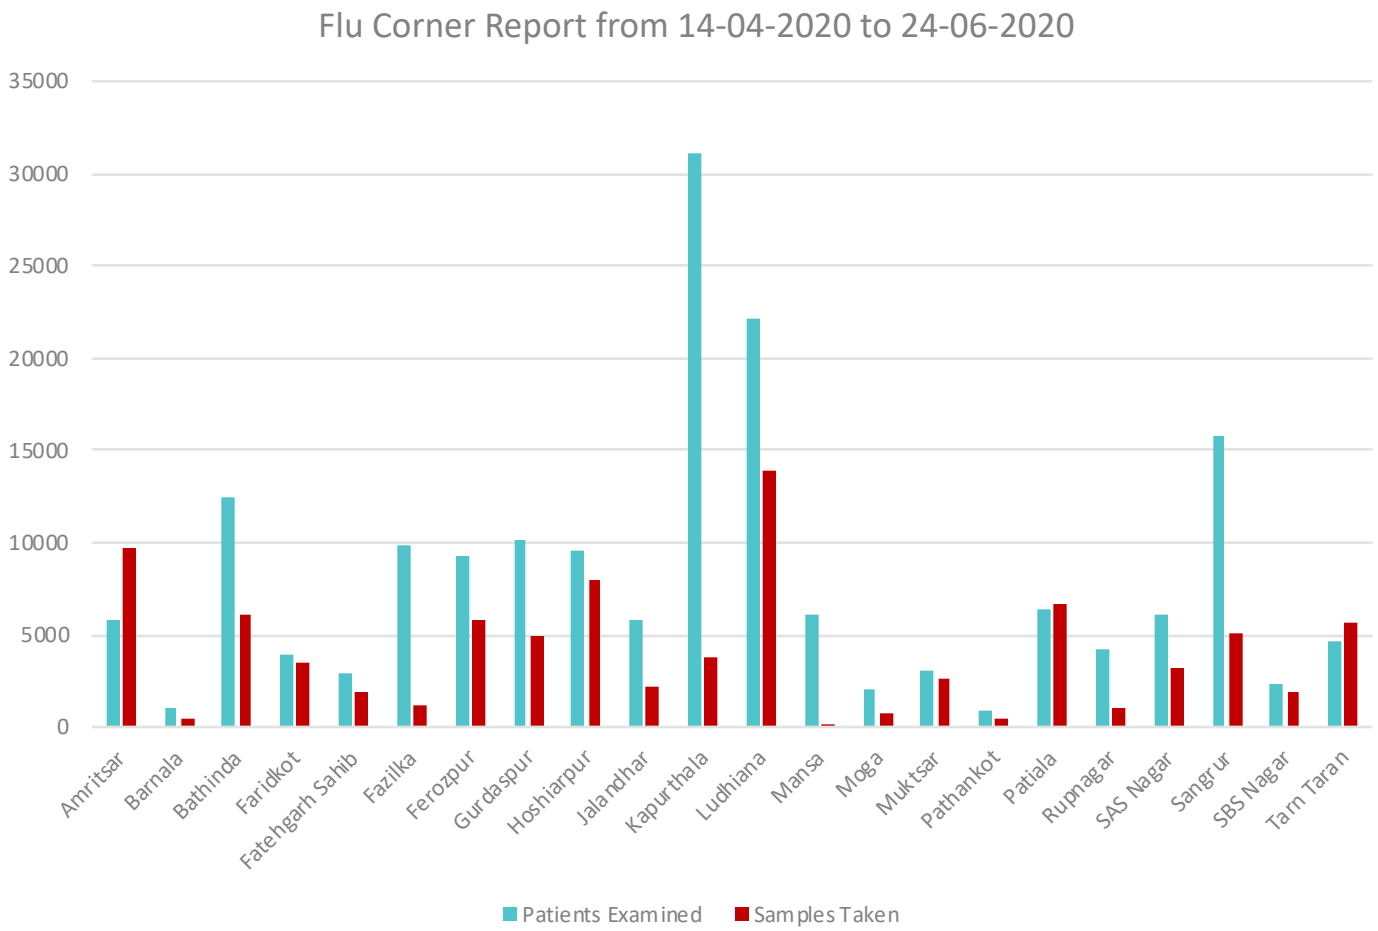
Flu Corners

Flu corners are **set up in Hospitals to screen all suspected cases** of respiratory tract infections or cases presenting symptoms similar to those of coronavirus.

These serve as the **first points of contact** for these patients and ensure that **movement of such cases is restricted** in order to prevent the spread of the disease.

Flu corners have been **running in all the districts** of Punjab.

Punjab has set up **204 Flu Corners** (22 in District Hospitals, 42 in Sub-Divisional Hospitals, 13 in Public Health Centers, 124 in Community Health Centers, and 3 in Govt. Medical Colleges) with **sample collection facility** in **198 Flu Corners**.



Pool Testing

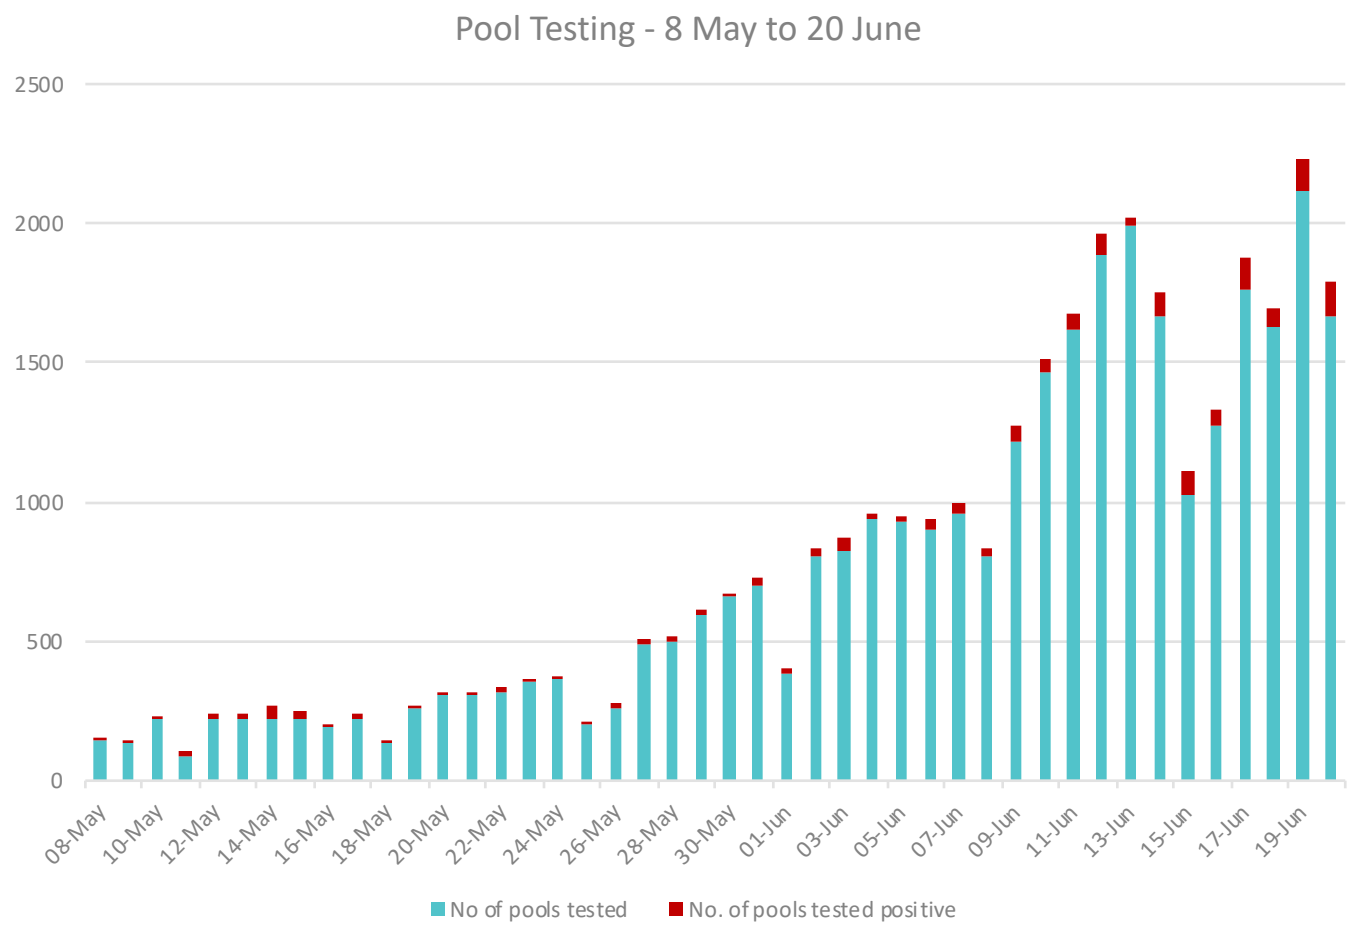
A **specimen pool** comprising of multiple individual patient specimens (2-5 individuals) is tested, followed up by individual testing, only if a pool tests positive.

Pool Testing is being carried out in **3 Government facilities:**

- GMC Amritsar
- GMC Faridkot
- GMC Patiala

Pool testing had been stopped from 30 April to 7 May as per ICMR guidelines in order to give priority to returnees

Punjab was the first to conduct pool testing trials in GMC Amritsar and GMC Patiala on 15 April. Current capacity for pooled testing is 3000 samples per lab per day (approx.) 1,66,000 pooled samples tested as on 20 June 2020



Helpline Services

The Government of Punjab has operationalized **3 new helpline numbers** and individual district emergency response helpline numbers for citizens to access support and services from the Government.

This is in addition to the **2 existing helpline numbers** that are also being used to support COVID related concerns.

Everyday, data from all these numbers is analyzed to show the **type of calls, resolutions provided, geography and demography** of the callers to aid **evidence-based decision making.**

112

Single Emergency Helpline for anyone in distress

18,610 calls received per day (avg.) as on 22.06.2020

108

Ambulance service for medical emergency

7,775 calls received per day (avg.) as on 22.06.2020

104

Health emergency number

5,658 calls received per day (avg.) as on 22.06.2020

1800

Dial a Doctor (launched on 31 March 2020)

599 calls received per day (avg.) as on 23.06.2020

1095

Helpline for essential services

8,649 calls received per day (avg.) as on 23.06.2020

Protocols

1. **Guidelines and Checklists** for Establishing and Operationalizing COVID Care Centres

2. **Guidelines** regarding sanitizations of ambulances, oxygen cylinders, x-ray machines, and other equipment/ Hospital furniture

3. **Guidelines** for infection prevention and control for isolation

Advisories Issued [1/3]

Migrant Laborers

Government of Punjab has been proactively ensuring that needs of migrants in the State are given utmost priority.

From 3 May 2020 till 11 June 2020, the Government of Punjab has facilitated the return of more than 5,37,200 migrant workers to their home states.

As on 11.06.2020

Cooked Food

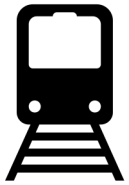
21,98,659 cooked food packets distributed across 22 districts by the State Govt while **NGOs distributed 1.79 crore packets**.

Ration Packets

3,84,745 ration packetss distributed across 22 districts by the State Govt while **NGOs distributed 4,01,596 packets**.

Shelter Camps

More than **700 shelter camps** had been established across 22 districts**. Currently there are 193 Migrant Labor Shelters**.



Rail and Bus Service

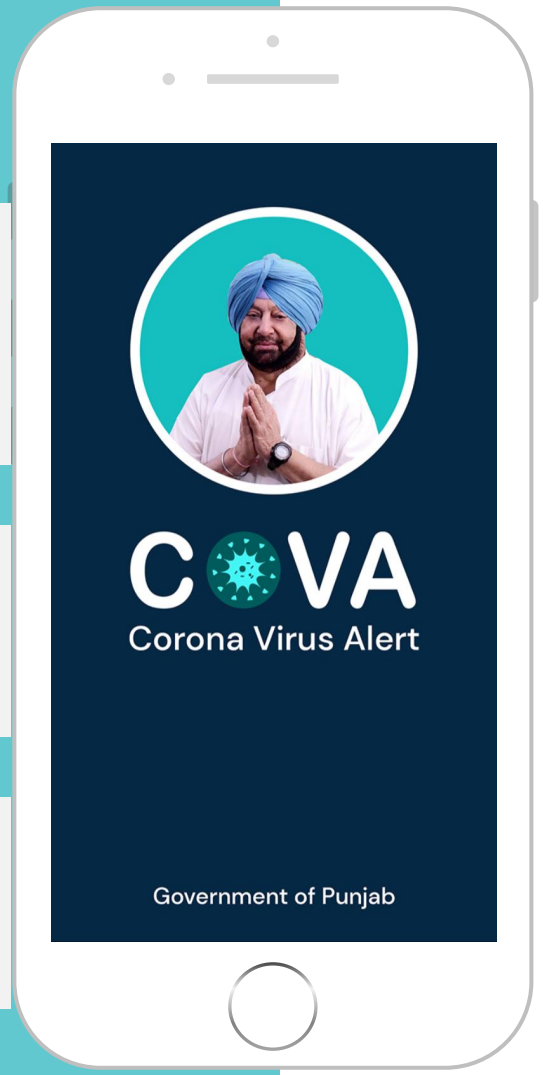
Govt. of Punjab spent Rs.28.81 crores and paid for railway tickets of **5,12,442 persons in 394 trains** In addition, **24,758 persons have been carried in 847 buses** to other states.

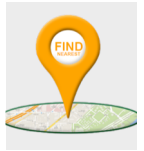
COVA Punjab

1st Mobile App in India, launched on 9th March 2020, with **geotagging and geofencing features**

11 States requested Punjab for access to the App and its features

33 Lac+ downloads; Available on iOS AppStore and Android PlayStore





Find nearest COVID patient

Geofencing of quarantined individuals

Contact tracing of positive cases

Report mass gathering

Real time dashboard and analytics

Order grocery and essential goods

Booking of Train Tickets

IT Initiatives [1/2]

1. To ensure smooth operations in Mandis during the procurement weeks under COVID-19, Punjab developed a unique centralized automated, logic-based tech platform to **issue e-Passes to farmers.** All movement in the Mandis were managed online.

2. A dedicated dashboard - **corona.punjab.gov.in** to analyse the trend and pattern of cases including prediction of future hotspots to help authorities to take timely decisions.

3. A platform - **covidhelp.punjab.gov.in** for people who want to go to their home states from Punjab and those wanting to return.

4. Punjab launched **tele-medicine & tele-counselling initiatives** for general patients other than COVID-19 to get consultation from home with the empaneled doctors/counselors through video call.

5. Deployed **UiPath RPA BOT to extract district specific information** from the email, coming from more than 20 district authorities. The BOT saves the information in respective district folder.

IT Initiatives [2/2]

6 Punjab has initiated a **mass awareness campaign** to educate and inform its citizens across all the channels **(Radio, TV, Social Media, Print Media)** about this pandemic.

7 **eSanjeevani** (Online OPD), a CDAC Mohali's flagship integrated telemedicine solution was implemented across the state to connect with a network of senior doctors over video conferencing.

8 **Video Conferencing Solutions** are being leveraged to facilitate Work-from-Home for the staff along with important webinars and VCs by the CM and other administrative staff.

Other Actions

1. The first manufacturer of PPE in Punjab was approved on 27 March 2020. As on date there are **128 PPE kit manufacturers** approved by Government of India.

2. The first patient to get **Plasma treatment** in Punjab has been discharged from Medical College in Faridkot while 2 are in recovery at Medical College Amritsar.

3. **Make in Punjab** - Punjab is the **1st state to have a N-95 mask manufacturer with both DRDO and BIS certification.**

COVID-19 Trainings Given

1

Physical Training:

- **National ToT Batch on 6 March 2020**
- **110 Master Trainers on 9 March 2020**
- **6412 participants at the District Level**
- **23,797 participants at the Block Level**
- **227 Staff Members of Different Departments – Police, Social Security, Women and Child Development, Local Bodies and Agriculture**

2

Online Training:

- **6812 MOs, Dental Doctors, SNs, AYUSH Doctors, RMOs, Pharmacists, LTs, etc.**
- **343 NUHM Staff**
- **546 Labor Room and SNCU Staff**
- **125 House-Keeping and Sanitation Workers**
- **91 participants from Prisons Department**

COVID-19 Trainings Given

3

Operation FATEH:

- **Expert Group Trainings under the Chairmanship of Prof. K.K. Talwar, experts from AIIMS New Delhi, PGIMER Chandigarh, CMC and DMC Ludhiana**
- **2507 participants trained**

4

I-GOT Trainings:

- **Integrated Government Online Training on DIKSHA app for capacity building of frontline workers**
- **Punjab placed at 2nd position currently**
- **Course completed by 2,80,813 participants as on 15 June 2020**

SUCCESS STORY

S.B.S. Nagar was the first hotspot in Punjab. It currently has one of the highest recovery rates among all districts. No new case was reported in the district for 28 continuous days.*

- **Effective Mechanisms put in place for Self-Reporting.**
- **Decentralized Approach.**
- **Strong community support**
- **Team of Sarpanches, Sector Magistrates, SHOs, Tehsildars, Police & DC Office formed**
- **Youth Volunteers engaged.**
- **Patrolling parties per 10 villages.**
- **Strong Public Information Campaign.**
- **Grievance Redressal Mechanism.**

*New cases have been reported since April 24, 2020

Cluster Containment

15 villages were contained as per Containment plan and around 30,000 persons were Home Quarantined.

Door to door Survey in 15-villages

Extensive searching/monitoring of Symptomatic/suspected cases in the villages by SMO/RRT through ASHA door to door survey. 100% houses covered in 15-villages.

Extensive Contact Tracing

All contacts (both high risk and low risk) quarantined and put on surveillance. All confirmed cases were isolated and provided medical care.

System to identify Symptomatic persons

Each flu-like symptoms case reported by any screening source is reported to the SMO and visited by RRT. RRT then gives feedback to SMO for further action. SMOs compile all such cases and send to District level Committee twice a day. Committee consists of Medical, Civil and Police officials.

Timeline of COVID-19 Response in Punjab [1/7]

March 2 — Emergency Measures

Emergency measures to combat Coronavirus menace. Punjab Cabinet approves notification to set up Flu Corners in all Govt and Pvt hospitals

March 9 — COVA App

"COVA" mobile app launched to sensitize people about precautions from Novel Corona Virus
