1	19	5.1.1	The Service Provider is expected to provide comprehensive AMC with back to back OEM support through Cisco TAC for the equipment at all the "Site Offices". Each equipment has different EoS date and would move out of AMC whenever EoS date is reached.	5.1.1 The Service Provider is expected to provide comprehensive AMC for a period of 5 years for the equipment at all the "Site Offices". Some equipment are not required to be covered under back to back OEM support through Cisco TAC. The equipment required to be covered under back to back OEM support, have different EoS date and would move out of AMC whenever EoS date is reached. However, there will be no EoS date consideration for the equipment for which back to back OEM support is not required.
				5.1.1 (a) Service Provider has to intimate DoGRPG/ PSeGS about any equipment reaching its EoS atleast one month prior to its EoS date. In case where EoS date of a main component comes before any of its sub-component, Service Provider has to take prior approval from DoGRPG/ PSeGS for further continuity of AMC of such sub-component. If the approval is not sought, AMC of all sub-components of the related main component would assumed to be discontinued.
2	19	5.1.2	The Service Provider must ensure 24 * 7 * 365 back to back OEM support during maintenance period through phone, email & web portal.	The Service Provider must ensure 24 * 7 * 365 support during maintenance period through phone, email & web portal.
